1. This parking permit entitles you the opportunity to park on campus on a first come, first served basis. Students who drive vehicles to school, park at their own risk and must understand that neither the school nor the governing board is responsible for the vehicle.
2. Students should park only in the student parking lot. Students should not park in the visitor or faculty parking spaces.
3. Permit must stay in the vehicle(s) it is registered to. Parking permits **may not** be borrowed, duplicated or traded from student to student. If a permit is found to be in a vehicle it is not registered to, both the individual driving and the registered person could have all privileges revoked. If you withdraw from Campo Verde High School, your permit must be returned to the bookstore. You may be eligible for a prorated refund.
4. Students may not go to their vehicle while school is in session without approval from the office. Vehicles may not be moved to a different location on campus during class breaks, lunches, fire drills or assemblies.
5. The bookstore must be notified of changes or additions to permit registration (i.e., alternative vehicles to be driven on permit).
6. It is against the law to park your vehicle in a handicap spot (unless you have a handicap plate or a handicap hang tag), fire zones or any unmarked parking place. You **will** receive a ticket from the Gilbert Police Department if your vehicle is found to be parked illegally.
7. Vehicle may be searched if in the opinion of the Administration, reasonable suspicion of a violation exists.
8. Remember the opportunity to park on campus is a privilege and may be revoked should Administration or Security deem it necessary. Permits are the property of the school and must be surrendered upon request.
9. Reckless driving will result in loss of parking privileges on campus.
10. Permits must be hung from the rearview mirror. If unable to hang your permit, please affix it to the left corner (driver's side) of your windshield. **Permit number must be visible at all times.**
11. If for any reason your parking permit is lost or stolen, you will need to purchase another parking permit at the current rate.

If I am found in violation of these rules, I may lose parking privileges or be suspended from school. By signing this contract, I am indicating that I am aware of these rules and my signature will be in force for the remainder of the school year. Additionally, my signature below indicates my understanding of these rules.

Device Protection Plan (DPP)

As part of Gilbert Public School's 1:1 technology initiative, parents have the option to enroll in the Device Protection Plan (DPP). Enrollment in the plan will minimize the potential repair and/or replacement fees associated with the device.

By selecting this plan you agree to pay a **fee of \$25** to be enrolled in the DPP. If a device becomes damaged, your student will take it to the school's library and fill out the **Student Device Repair Form** (See Appendix B). The Technology Services repair department will repair the device. **If the device is lost, a fee of \$160 will be assessed.** If the device is stolen while at school, the incident must be reported by the student to their teacher, librarian, or front office within 24 hours. If the device is stolen outside of school, the parent/guardian must file a police report within 48 hours. A copy of the report must be turned into the school's front office.

Students who have purchased the DPP during the 2016-2017 school year, will have their fee rolled over to the 2017-2018 school year and their device will remain covered under the DPP. The yearly roll over of the original DPP purchase will remain in place until the student is no longer a GPS student or has a claim. Devices will be periodically inspected to ensure the device is in good working condition and a claim is not being avoided.

There will be no refunds given on the original DPP purchase if a student leaves GPS or upon graduation. Special circumstances will be evaluated by school administration in collaboration with Technology Services.

Enrollment in the DPP does not begin until the \$25 payment has been received and must be completed by September 6th, 2017. Students enrolling in Gilbert Public Schools after September 6th, 2017, will be given 2 weeks after their official GPS enrollment date to enroll in the Device Protection Plan.

What is covered under the plan?

- Accidental damage, such as cracked screens or cases, broken keyboards, etc.
- Battery replacement (if it is determined that the battery is malfunctioning)
- Damage of original power cord. Any lost power cords will be assessed a fee of \$25.
- Replacement of stolen device. If the device is stolen, a police report must be filed within 48 hours. A copy of the report must be sent to the school's front office
- Hardware issues (video cable, broken ports, speakers)

Intentional damage to the device is NOT covered under the plan.

Repair/Replacement Costs

Parents and students who choose NOT to purchase the **Device Protection Plan** are responsible for 100% of all repair and replacement costs for the device that is not related to a manufacturer issue.

The following prices are estimates, as exact costs for each repair will be made upon further inspection of the damaged device. Should the student's device become damaged, the student will be provided a loaner device, while their assigned device is being repaired. Once the assigned device is repaired, the loaner will be collected.

Just a few friendly reminders from the Health Office:

If you were told your student needs immunizations please turn updated records into the Health Office before school starts.

All medications must be checked into the Health Office. Students are not allowed to carry medication with them at school unless the use of the following medication is required: epi pens, inhalers and/or diabetic emergency medications. However, these items must **FIRST** be checked in and accompanied by the appropriate form at the Health Office.

Medications may only be brought to school by a parent/guardian or another adult over the age of 18. All medication must be in a properly labeled container from either the pharmacy for prescription medication or in the original container for over the counter medication. Make sure to check the expiration date. Narcotic pain medication will not be administered at school.

If a medication needs to be administered daily or is a prescription medication, a "Request for School Administration of Medication" form must be completed by both the parent/guardian and doctor (dated after 7/01/2017) before medication may be administered at school. This includes any over the counter medication that indicates it is not to be given to anyone under the age of 18, usually medication containing aspirin (example: Excedrin). This form is available on the GPS website or from the CVHS Health Office after 08/01/2017. Please contact the Health Office for any questions after 08/01/17. Thank you!
